

## Introducing our new city hall

The new Upland City Hall, located on Euclid Ave. near the Upland Library and Fire Station, has been received positively by the city's staff.

The 21,000 square foot building features modern city council chambers with seating for 112 people, chest-high

room dividers instead of inside walls and large windows. It allows the city, for the first time in a long time, to place most departments within the same building for easy access by the community.

The building is divided into two sections by the large, open city council

room located in the middle of the building near the main, south entrance, facing the library.

In the eastern section of city hall are offices for engineering, planning, building and city clerk. The eastern section provides offices for finance and water departments and the city manager and his staff.

Responses to the question, "What do you think of the new city hall?" include the following:

Mrs. Francie Proulx, secretary to the city manager, "Oh I love it because it's so nice and clear and modern and we're all together . . . It's just delightful to have such nice quarters."

She said her new office was much nicer than her previous office in the old city library. One reason the new building is better, she said, is that citizens who want to use the city's services can do everything in one location instead of walking from building to building.

Miss Karen Casey, secretary in the city manager's office replied, "I love it. It's really neat . . . because we can work together with everybody real close and it has a neat atmosphere."

Mrs. Jo Ishi, secretary to the planning director exclaimed, "We over here (planning department) are very pleased with it because we have planning, building and engineering together . . . We really like it . . . It's easier for the developer and the citizen coming in because it's all here. He doesn't have to walk from building to building to get it done, which is what we had to do before."

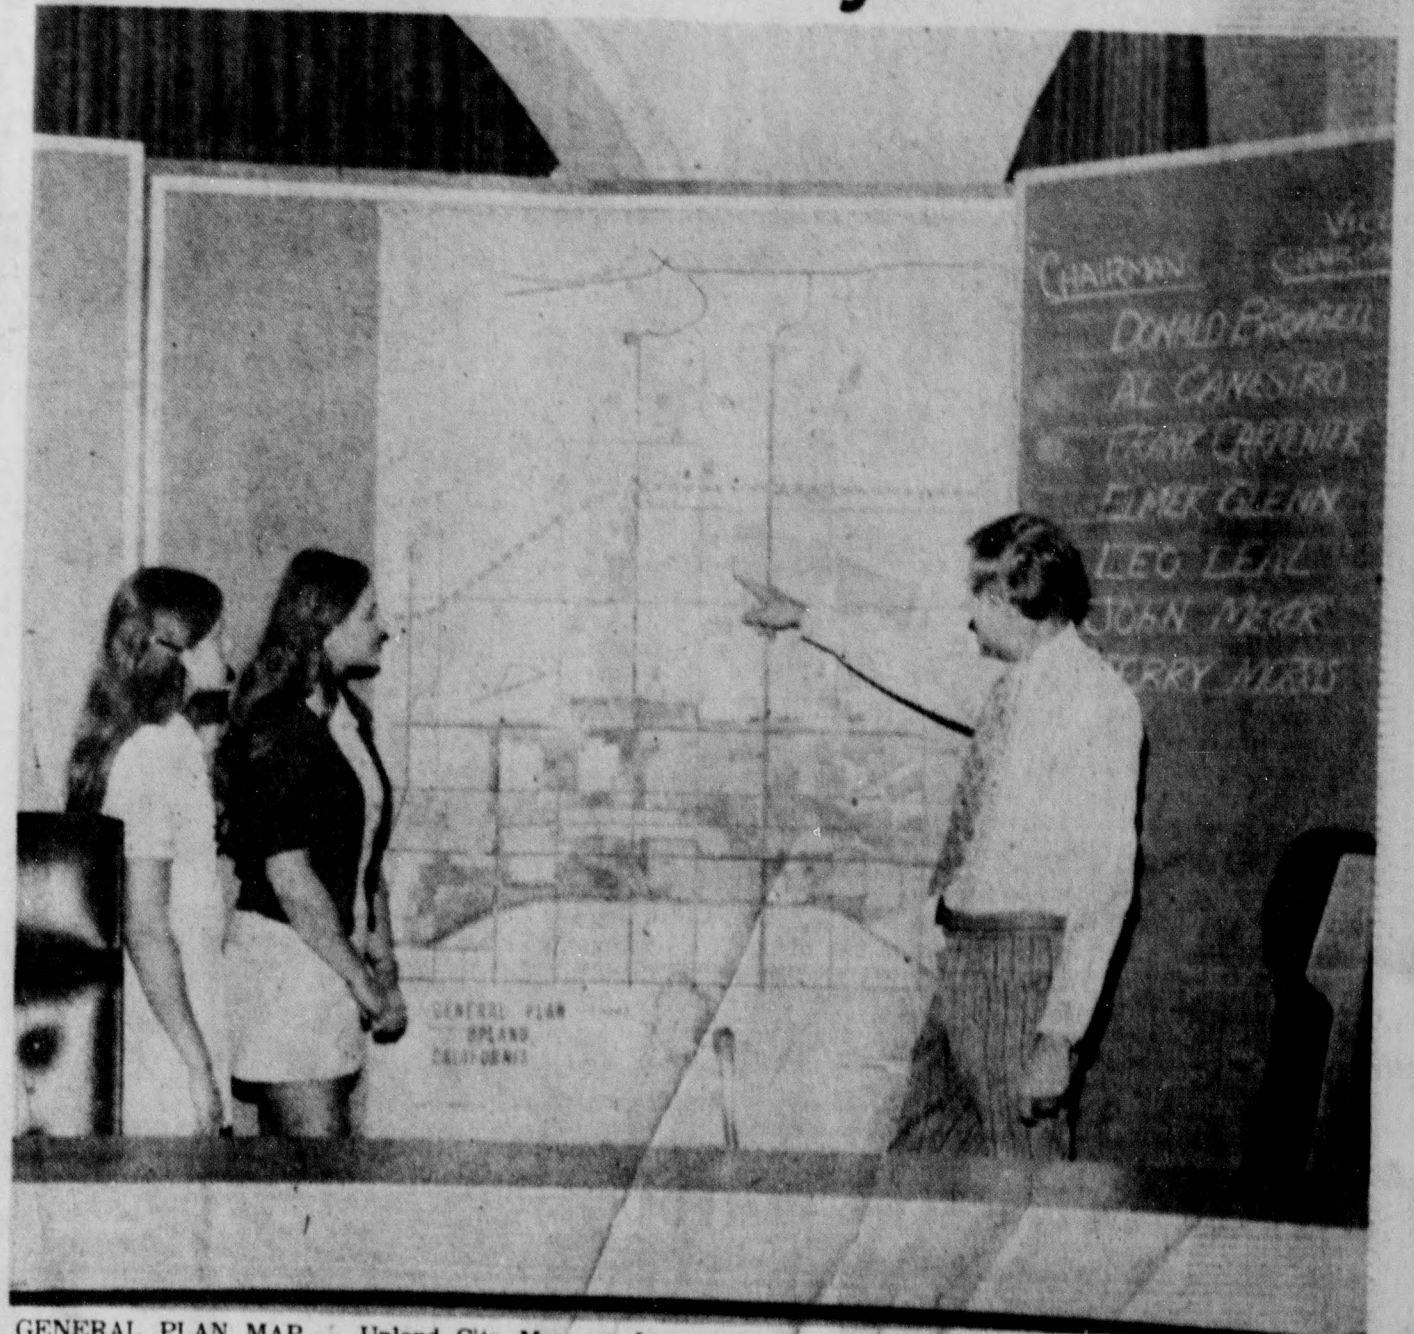

"The facilities, as a whole, are very functional or will be as soon as we get all the problems ironed out," she said. "It's just like a new house. It just takes a little getting used to, that's all."

John Cook, civil engineering assistant, added, "We thought there was going to be a lot of distraction (with the low, room dividers instead of walls). We had some reservations, but it's a lot better than we thought."

Cook said that the lighting was excellent and the ventilation was "really good."

Mrs. Billie Fallis, deputy city clerk said, "I like it very much. I think it's light and pleasant and very well laid out."

Mrs. Lillian Fox, finance department clerk, "I think it's great but I just started (work) a week before they moved," she said, noting that she hadn't

The new Upland City Hall is located on Euclid Ave. near the Upland Library and Fire Department. The chambers feature seating for 112 people, press table, direct and indirect lighting, speaker's podium, staff table, seven council seats, sloping floor and an overhead, lighted vote indicator.

## Bicyclists takes a tumble

# Anonymous pair aids youth

A Montclair youth took a bad spill from his bike Saturday, but thanks to an anonymous couple the youth received medical aid almost immediately.

Vincent Edward Regalado, 14, of 5481 E. Harvard St., Montclair, had just been delivered along with his bicycle at the Ice House Canyon parking lot Saturday to do some bike riding with friends.

Before Ralph Regalado returned home after leaving his son and friends, his wife received a call from the Mt. Baldy Fire Department asking her to meet them at San Antonio Community Hospital. Vincent was injured.

He reportedly told a highway patrol officer he was southbound in the parking lot "going real fast" when the front wheel of his bike "hit

something" that sent him flying to the ground. The good samaritan couple witnessed the accident and took the boy to the fire station where he received emergency treatment. He was treated for injuries at San Antonio Community Hospital, Upland, and today is home.

The anonymous couple went a step further and returned Vincent's bicycle to his friend's house.

Vincent sustained a cut elbow, a broken wrist and an injured knee.

"He was lucky," said highway patrol officer.

## Reading group plans social

The Foothill Council of the International Reading Association has invited the public to attend their annual membership tea Oct. 10 from 3:30 p.m. to 5 p.m. in the Upland Lumber Company Community Room, 85 N. Euclid Ave.

# Depend on us for top interest.<sup>1</sup> And flexibility.<sup>2</sup>

It would be nice to have a savings account that earns top interest.

It would also be nice to have a savings account you could dip into any time.

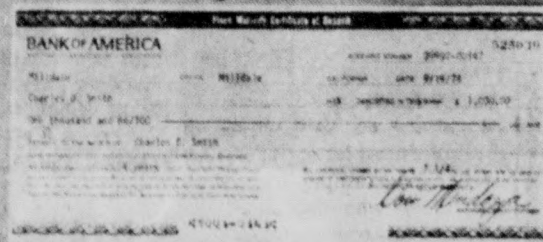

With this in mind, we suggest you stop by your nearest Bank of America office.

We have Certificates of Deposit that earn 7½% annual interest. All you need is a minimum investment of \$1,000 for at least 4 years. Or as many as 10 years if you wish. Then no matter what happens to the interest rates, you've locked up that 7½% high interest for the time you specified. We must mention that Federal law prohibits withdrawals on Certificates of Deposit prior to maturity unless three months of interest is forfeited and interest on the amount withdrawn is reduced to the regular savings rate.

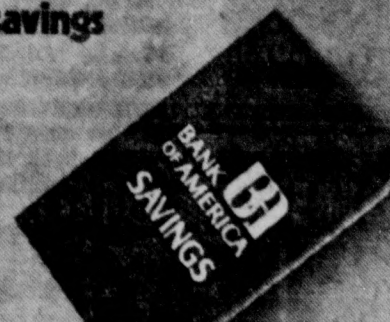

Which brings us to the regular savings account at Bank of America. The perfect place for the rest of your money. Because if you need it in a hurry, you can get it in a hurry. Put it in, take it out anytime. That's what we call flexibility.

For the right combination of savings plans, depend on us. More Californians do.

**NEW RECREATION BUILDING** — Larry Thornburg, new Upland Recreation Department assistant director, helps Earl Shaffer, left, a retired Upland senior building inspector, convert the city's old

### From cottage to mansion

## Recreation Department moving to new quarters

Now that Upland city headquarters has moved into the new city hall building, the Upland Recreation Department is moving into the vacated water and finance building at 404 N. Second Ave., Upland. The move from the cramped 165-square-foot old fire station into a building more than six times larger is like moving from a cottage into a mansion for recreation department officials.

Along with expanded space

will come an expanded program, according to Fred Taunton, recreation director.

But, first things first — and top priority today is rounding up volunteers to help renovate the old city hall building for recreation use. Taunton is shooting for an Oct. 7 target date. He has the paint and paint brushes, but needs the people to back them up.

Moving into the new headquarters, in addition to Taunton, will be his full-time

assistant Larry Thornburg, Chris Ridd, secretary, and Connie Lopez, part-time employee through an Upland High School work experience program.

Among Taunton's dreams for expanding recreational and public service through the new headquarters is the concept of a "supervisor of volunteer services" position, which itself would be a volunteer post. He will be seeking someone to coordinate a system by which persons in the community with any type of service to offer can be catalogued, then called on when the need for such services arise. For example, he said an individual who can assemble playground equipment and is available on a weekend might be included in the service in the community.

He's hoping to put a test program together for a pilot recreation program, which, he admits, is not in the city budget, but which he intends to approach the city council about.

He describes this innovation as an office to make financial contacts in the community and said cost to the city would be minimal — telephone service and office supplies.

Through the new volunteer services program — when and if it gets off the ground — "hopefully we'll be able to match the people to the service."

Taunton hopes to be able to show Upland citizens his new headquarters in an open house the latter part of October. Persons who wish to help in the renovation or volunteer for community service may reach the recreation director by calling 982-1352, Ext. 55 or 56.

## Class being held at Foothill Knolls School

# Parent-child relations explored

The Parent-Child Relationships class, meeting at Foothill Knolls Elementary School in Upland from noon to 3 p.m., Monday, Wednesday and Friday, began Sept. 16. Mrs. Karen Bush is the teacher. Mrs. Bush indicates that mothers and children attend together so that parents can gain a greater insight into the growth and development of their own child within a structured nursery school program.

The mothers have become fully involved in the nursery school program, teaching small groups of children throughout the afternoon. They are applying what they are learning during the mothers discussion

periods about social, emotional, physical, motor and personality development specifically related to their own children.

Behavior problems and solutions are also discussed. During the day, mothers also spend time working on projects

and learning materials which can be used at home to further expand the child's opportunities for learning.

Once a month, the mothers meet in the evening for an additional discussion period and often to hear a guest speaker. On Oct. 15, Miss Mary Cooke, of

registered nurse from the San Bernardino County Health Department will speak on Child Development and Family Planning. On November 19 the speaker is Mrs. Elizabeth Gyaami, a nutritionist from the San Bernardino County Health Department. Later in the year a staff member from the Voorman Clinic will present information concerning their program for hyperactive children.

The children's program incorporates social and motor development and emphasizes readiness for kindergarten. A typical session for the children includes a sharing time, cutting, pasting, coloring, painting in one form or another, structured and unstructured play periods using materials and equipment suitable to their age, both indoors and out, a snack period, rest period, music and rhythms and a story time.

As the year progresses, the class will take many field trips. Already scheduled are a visit with the Pilgrims at Pilgrim Place in November, and a tour of the stars with Rudolph the Red-Nosed Reindeer at the

Chaffey College Planetarium in December. Future trips anticipated include the police

and fire stations, library, post office, a bakery, the hospital, a dairy, the farm and others.

Enrollment for the Parent-Child Relationships class is still open. Children must be 3 by

Dec. 2, 1974. A \$2 fee for supplies is the only charge. Call 983-2010 for more information.

## Fastest ship

The oceanliner The United States, which set the Atlantic crossing record in 1952, was the fastest ever placed in service. The ship frequently cruised faster than 36 knots. Designed for conversion to a troopship, the 817-foot vessel could steam at 40 knots, or 48 land miles an hour. Removed from service in 1970, the ship is berthed at Norfolk.

## Treatment plants grow

# EPA authorizes water expansion

The Board of Directors of the Chino Basin Municipal Water District received concept approval from the state Environmental Protection Agency for a new Montclair interceptor line and expanded sludge handling facilities at the Ontario based waste water treatment plants.

According to J. Andrew Schlange, general manager, the eligible project cost for the planned interceptor line is \$3,145,286.

The 45,300 foot interceptor line will have a capacity of 7.2 million gallons of waste water per day. The line is expected to vary from 24 to 36 inches in width.

Schlange said the eligible project cost for the sludge

facility expansion is \$1,433,000. The expansion should enable the Ontario plant to increase its handling capacity of sludge from 10 million to 16 million gallons a day.

In other business, the board set a hearing date for an environmental impact study of

the construction of a West Side Interceptor.

The hearing date was set at Oct. 25 at 7 p.m., in the Chino Community Building, 5443 B St., Chino.

The main sewage line, said Schlange, would be built in the Chino area.

## Fun after fifty will convene

The Upland Fun After Fifty Club will hold its next business meeting Wednesday, Oct. 9, at 1 p.m. at the Magnolia Community Center, on the corner of 15th St. and San Antonio Ave., Upland.

The club is now selling tickets for its Thanksgiving dinner to be held Nov. 22 at the Upland Woman's Club. According to a club spokesman, tickets must be purchased at club meetings prior to the dinner. None will be sold the day of the dinner. The dinner will be for club members.

## Feds study forest reorganization

The U.S. Forest Service has centered attention on four tentative plans to reorganize the national forests in Southern California, cutting costs and providing more efficient land usage.

Although these four plans are receiving the most attention at present, the Forest Service is not limited to them.

California Regional Forester, Douglas Leisz will make a final decision and recommendation to the chief of the Forest Service shortly after the first of the year.

The final decision will be

made by the chief of the Forest Service and the Secretary of Agriculture.

The study is also re-evaluating existing changes recently made between the Los Padres and Angeles forests.

## New look for cheese sandwich

## Jack Cheese Supper Pie is nutritious budget help

When there's something hot from the oven that satisfies the appetite and adds a big bonus to the nutritional requirements of the family you know that it's noteworthy.

Fall is ahead even though the days right. Cheese Pie recipe and tuck it away for the now are hot and stuffy. But clip this chilly nights which are coming.

And that is the way it is with Jack Cheese Supper Pie.

Actually when you take a look at the list of ingredients you might say that it's nothing more than a cheese sandwich. And right you are.

But the sandwich is done in an interesting way to make it a pleasing entree. Here's how.

Put a layer of toasted bread cubes in a pie plate. Top with sliced tomatoes and a combination of both regular and dry monterey jack cheeses. Then over all pour a seasoned

custardy mixture. Bake until puffed and golden. Add a tossed salad and your supper is ready.

The wonders of cooking with dairy foods never cease. Milk, yogurt, cottage cheese, butter and natural cheeses all fit into the same nutritious picture.

To give you an assist in menu planning an interesting variety of recipes have been developed by the home economics department of the California Milk Advisory Board. You'll find them in distribution all over the state. Look for them

near the dairy case. The colorful 3x5-inch recipe folder carries the message in its title — Budget Meals With Dairy Foods.

While at the dairy case, glance through the leaflet then select whatever ingredients you need. How about Twenty Minute Tamale Bake, Easy Beef Balls, Baked Yogurt Chicken for some appetite whetters!!!

## JACK CHEESE SUPPER PIE

3 slices firm textured white

bread (4x4 1/2-inch slices)  
1 large firm tomato, sliced  
1 1/2 tablespoons flour  
1 1/2 cups grated monterey jack cheese  
1 cup grated dry monterey jack cheese  
1 1/2 cups milk  
2 eggs  
1 teaspoon salt  
1 teaspoon sage  
1/4 teaspoon marjoram  
1/4 teaspoon pepper

Cut bread into 1/2-inch cubes (2 cups). Spread in shallow pan.

Bake in 375 degrees oven 6 minutes or until toasted. Turn into 9-inch pie plate. Pat tomato slices dry on paper towel. Place in single layer over bread cubes. Sprinkle with flour, then cheeses mixed together. Beat milk with eggs, salt, sage, marjoram and pepper, using fork. Slowly pour over pie.

Bake in 375 degrees oven 45 minutes or until puffed and golden brown. Garnish with fresh herbs if desired. Makes 6 servings.

## Early apple orchard harvest

Although he was a boon to U.S. apple orchards, Johnny Appleseed wasn't the first to take an interest in the tasty treats. In the 17th century, when the Grand Duke Cosmo III of Tuscany threw one of his bigger bashes, the menu listed no less than 56 different kinds of apples.

Today, the U.S. Department of Agriculture names 7,000 varieties, although only 20 are considered valuable and eight account for three quarters of all commercial production.

Early fall harvest already has begun in California orchards. Harvest is complete for the gravenstein variety in the Bakersfield area, but continuing there with golden delicious.

While about 65 per cent of the gravenstein crop already is harvested, the Sonoma area

— around Sebastopol — still is shipping gravensteins with volume. Red delicious is scheduled for harvest in that area beginning the last week of August, closely followed by the newtown pippin.

Growers' reports cite mild winters in the valleys and frost in the mountain counties as responsible for the drop in crop size in those two areas. The Sonoma area is anticipating a harvest which is 60-70 per cent of last year's while the mountain counties expect only 50 per cent of last year's crop.

Statewide, however, the excellent crop from the Watsonville area (already estimated at 100-110 per cent) is expected to raise the total output, keeping production at levels of 90-100 per cent of last year.

When serving this season's apples, try to select varieties

which suit your needs. While the red delicious is excellent for eating out of hand — as are all apples — it is less desirable as a cooking apple. Gravensteins or pippins can be used for pies and sauces. For baking, the thick-skinned rome beauty is a good choice. The McIntosh is a versatile fruit, as well, making both a super-juicy eating apple and a good cooking apple. And the golden delicious is great for use in salads since it doesn't turn brown as readily.

Look for apples that are firm and well colored. Steer away from those which feel soft or have bruised areas. Smaller

apples probably will be a better buy, since larger apples generally command a premium price. Refrigerate apples until you use them. They'll keep at least two weeks.

This fall, take the family to the country to buy fresh apples and other produce.

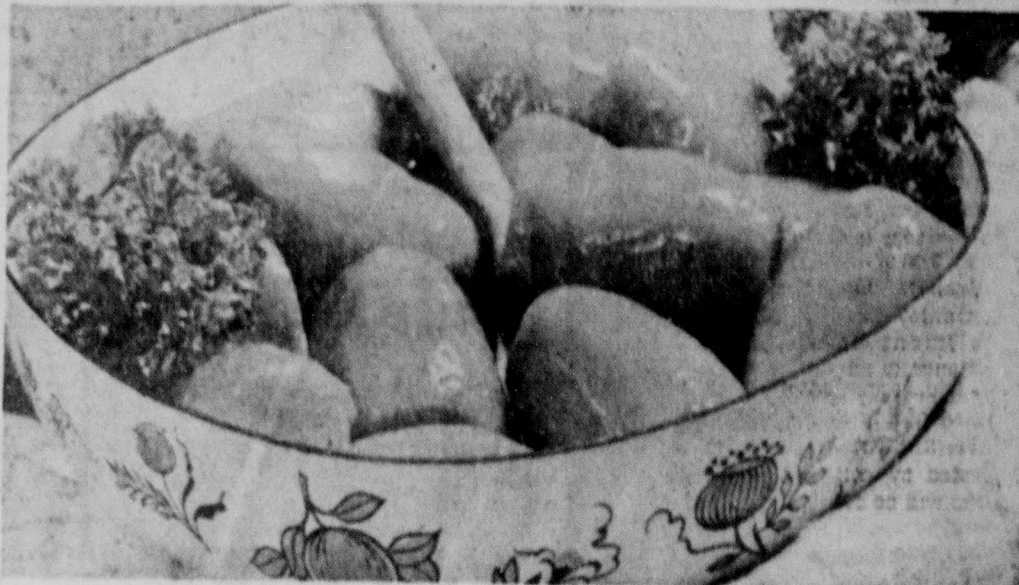

Then, when you get your farm-fresh apples home, make apple sauce or apple crisp. Both are easy and delicious additions to any menu.

To make apple sauce, peel and slice apples into a pot with a small amount of water. Cover and cook over low heat until the

apples soften enough to mash easily. Add sugar to taste. Cook a little longer, then mash and cool.

## Apple Crisp

3 medium apples  
3/4 cup brown sugar  
1/2 cup flour  
1/4 cup quick rolled oats  
1/2 cup butter  
Peel and slice apples into a lightly greased 8-inch round pan. Mix oats, brown sugar and flour. Cut butter into mixture. Mixture will be crumbly. Cover apples with mixture and bake at 350 degrees for 35 minutes. Serves 6.

Yams go hand-in-hand with ham and this as dry mustard, ground ginger and white pan has been cooked with such seasonings dry wine or apple juice. Great!

## Ham and yams

As the weather begins to clear more families are thinking of foods they enjoy cooking over a barbecue. For others the approach of summer is only a continuation of rotisserie or barbecue cooking which they enjoy during most months. Whatever the habit or the moods, a nice sized spit-roasted ham served with yams is always welcome.

## Spit-Roasted Ham With Yams

1/2 cup firmly packed dark brown sugar  
1 tablespoon cornstarch  
2 teaspoons dry mustard  
3/4 teaspoon ground ginger  
1 cup orange juice  
1/2 cup dry white wine or apple juice  
3 tablespoons salad oil  
3-pound canned ham  
2 cans (23 ounces each) Louisiana yams, drained

In small saucepan blend sugar, cornstarch, mustard and ginger. Stir in juice, wine and oil. Cook, stirring constantly, until sauce boils 1/2 minute. Reserve 1/2 cup sauce for ham; pour remainder into large skillet and add yams. Secure ham on rotisserie spit. Cook at

400 degrees for 30 to 40 minutes, brushing frequently with orange sauce. Cook yams over low heat about 15 minutes.

Garnish with toasted chopped nuts or parsley, if desired.

## Oriental taste for beef

Grilled beef with Oriental spice blend is different, indeed.

Select a tender beef loin or round steak. Store names to look for in selecting a steak may include top sirloin, sirloin tip, club, coulotte and first cut top round. An hour before barbecuing, rub surface with cut garlic cloves and run in Chinese five spice, using 1/2 teaspoon for 1 1/2 pounds of beef. Chinese five spice is a blend of cloves, fennel, licorice root, cinnamon and star anise. It would also be good in a soy accented marinade for flank steak.

## Terrific for the kids

## Almond Honeys for lunch

For school lunch box or bag, or for an after-school snack, here's a really terrific bar-type cookie recipe: Chocolate-Almond Honeys.

## Chocolate Almond Honeys

1 3/4 cups finely crushed graham cracker crumbs (about 1/4 lb.)  
1 can (14 oz.) sweetened condensed milk  
2 tablespoons honey

2 tablespoons orange or apple juice  
1 teaspoon orange peel  
1 cup semi-sweet chocolate chips (about 6 oz.)  
1/2 cup chopped blanched almonds

Combine graham cracker crumbs with sweetened condensed milk, honey, orange juice and orange peel; mix thoroughly. Stir in chocolate

and almonds. Spread in a well-oiled, 9-inch square pan.

Bake at 350 degrees for 30 minutes; remove from oven and let cool a few minutes.

While still warm, cut into 16 squares or bars; remove from pan with a spatula.

Cool thoroughly on rack, then cut into smaller pieces, if you wish.

Makes 16 to 32 cookies.

## Cold stuffed beef roll is easy, elegant buffet

The ideal entree for a party buffet can be prepared in advance and served cold, makes an impressive presentation and tastes wonderful. Neatly sliced beef flank roll with its refreshing herbed stuffing is the perfect focus for an easy to serve buffet dinner. Building a party menu around one main item, such as the cold beef roll, makes planning easy. Here a simple marinated bean salad and crusty rolls are excellent flavor and texture complements to the beef.

Beef flank steak is a good choice for stuffing and rolling. This lean, boneless cut of beef is flat enough to roll easily without pounding. If the guest lists get bigger it's elementary to stuff two or three flank steaks. Flank steaks average 1 1/2 to 2 pounds. For an unusually tasty stuffing, use nutritious wheat germ in place of the usual bread crumbs and combine with onion, celery, parsley, garlic and butter. To keep all in place as it cooks, roll

the steak up around the filling and tie with string. A butter baste keeps the beef juicy and extra flavorful as it bakes — allow about 45 minutes cooking time in a 375 degree oven. Since the beef roll needs a good chilling before serving, the baking can easily be done the day before. At party time show off the handsome beef slices on a pretty tray and garnish with fresh watercress.

Lean, boneless beef cuts are a good value, considering the amount of edible, protein rich beef per pound. Flank steak and top round are two of the most versatile and popular, equally good for grilling over the coals, oven broiling or, thinly sliced, used for stir frying. These cuts take to marinades and all kinds of seasonings beautifully but are delicious too with only salt and pepper. Each beef muscle has a distinct flavor and texture all its own.

## BUFFET STYLE STUFFED

## FLANK STEAK

1/2 cup chopped onion  
1/4 cup chopped celery

1/4 cup vacuum packed regular wheat germ  
1/4 cup minced parsley  
Butter  
1 medium clove garlic, minced  
3/4 teaspoon salt  
1/4 teaspoon pepper  
1 teaspoon sage  
1 beef flank steak, about 1 1/2 pounds

Mix onion, celery, wheat germ, parsley, 2 tablespoons melted butter, garlic, salt, pepper and sage. Place stuffing on flank steak in lengthwise strip. Roll beef lengthwise around stuffing. Tie roll with string in several places. Place in 13x9-inch baking pan. Rub generously with butter. Bake uncovered in 375 degree oven 45 minutes, basting now and then with pan juices. Chill and slice. Makes 4 or 5 servings.

## Please the family

## Sausage casserole is true budget saver

Like it or not, we are still in a belt tightening economy. . . or course you didn't need to be told that! What you would like to learn, no doubt, is how to keep your family heartily and happily fed without ruining your budget.

Two new recipes from the kitchens in Rochester, N.Y., will please your family, your budget and you.

Saucy Sausage Casserole uses just a quarter pound of pork sausage combined with a package of potatoes au gratin for a tasty and easily prepared budget main dish. Pork sausage is a great way to stretch protein because of its spicy seasoning.

Special Baked Beans is another budget main dish which makes a little meat go a long way. Three or four slice of bacon added to a baked bean

casserole do the trick. The dish is easily prepared with a can of pork and beans which get an extra special, "I made them myself" touch, from an envelope of onion gravy mix.

Serve either casserole with tomato soup, a fresh spinach salad, sherbet and milk or coffee.

This menu will provide your family with servings from the four food groups needed daily for good nutrition.

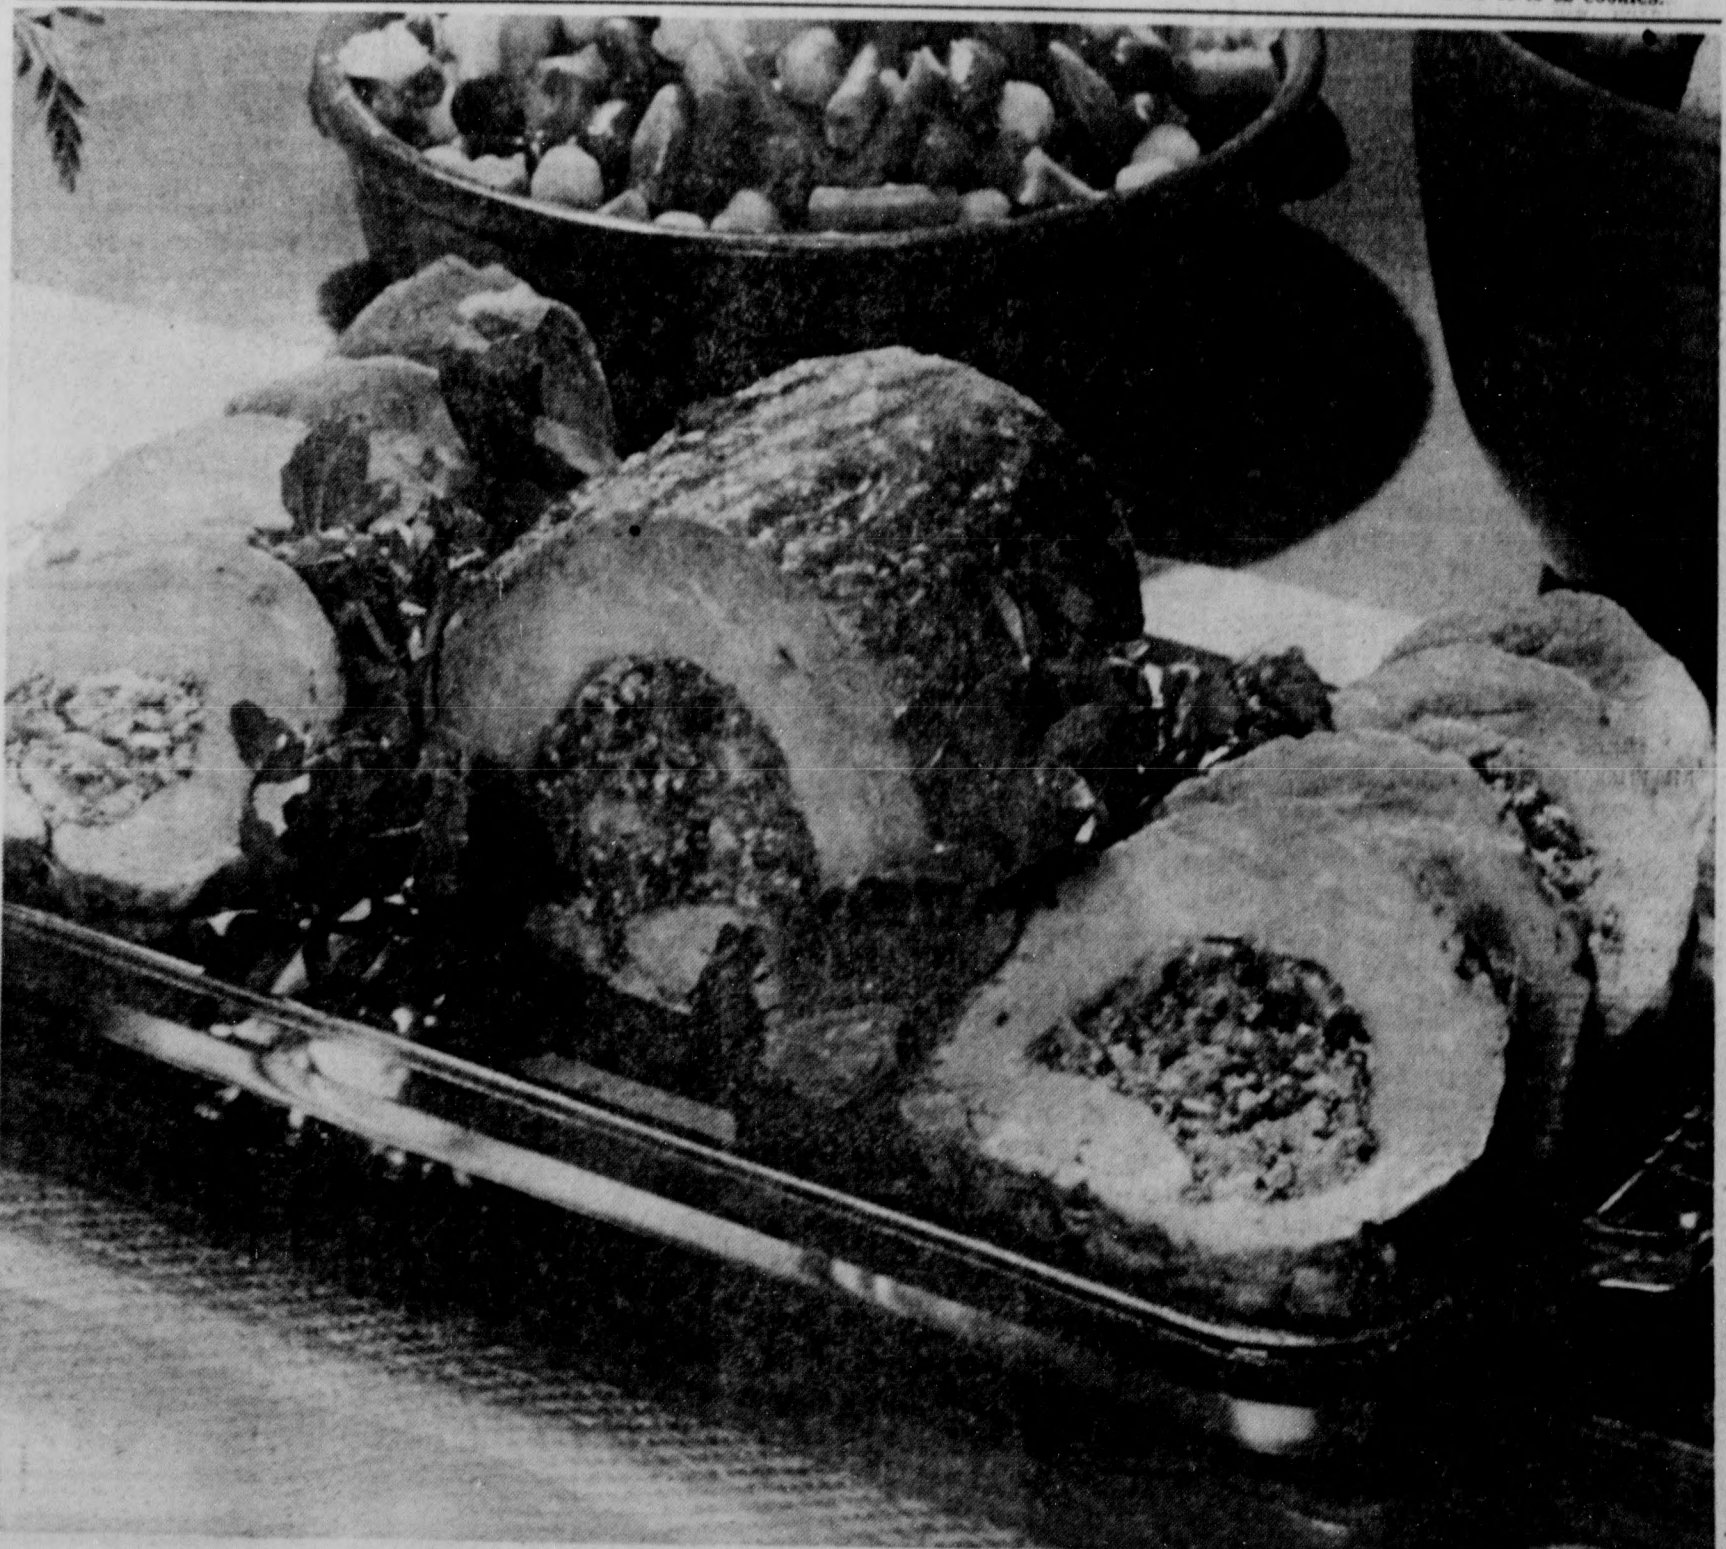

**Saucy Sausage Casserole**  
1/4 pound pork sausage  
1 or 2 green peppers  
1 package (5 1/2-oz.) potatoes au gratin  
3 hard-cooked eggs, quartered

Cook sausage in skillet 10 to 15 minutes, until brown and crumbly. Add 1 chopped

pepper; cook 5 minutes longer. Prepare potatoes as directed, except use 2-quarter casserole. Stir in sausage and eggs. Bake at 400 degrees for 30 to 35 minutes, until tender. If desired, slice 1 pepper and arrange on top of casserole after 15 minutes baking. 4 to 5 servings.

## Special Baked Beans

1 can (1-lb., 4-oz.) pork and beans  
1 envelope (7/8-oz.) onion gravy mix  
1/2 cup water  
2 tablespoons brown sugar  
3 or 4 slices bacon, chopped and partially cooked  
Pour beans into 1 1/2-quarter casserole; stir in remaining ingredients. Bake at 400 degrees for 25 to 30 minutes, until hot and bubbling. 3 to 4 servings.

This cold stuffed flank steak is an elegant entree for your next buffet when you have company you want to impress. Flank steak is a good

choice for stuffing and rolling, and though it may be a bit high in price, in the long run it is a good buy with little or no waste.

## Cucamonga fire board adopts new regulations

The Board of Directors of the Cucamonga Fire Protection District adopted a set of rules, regulations and general orders for the Cucamonga Fire Department at its special meeting Monday night.

According to Chief Ben Mackall, the new set of rules will be carried over to the Foothill Fire Protection District when it assumes control, expected Oct. 12.

The new district, he continued, will have the right to

accept the rules as they have been accepted by the Cucamonga board or it may change them.

The regulations had already been approved by the firefighters' union, according to Mackall.

The board also finalized a \$517,000 budget, according to Mackall, with some minor changes made in it.

The new budget, as well as Alta Loma's, will also be transferred to the new fire

district, according to Mackall.

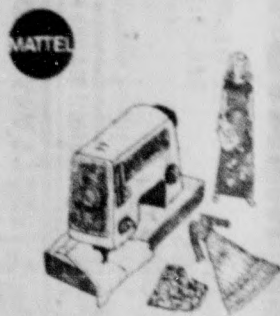

A new budget will probably be drawn up to include the two,

In other business, the board took under consideration the possibility of Chief Mackall's attendance at a special fire training seminar at Asilomar during the week of Sept. 22.

There was some thought that the time of the seminar might cause problems because of its proximity to the scheduled merger for the new fire district.

## Carob tree is braced, cabled

Ray Kalenbach, city parks and recreation director has reported to the La Verne City Beautiful Committee that the historic carob tree in Kuns Park has been braced and cabled to keep it from further splitting.

Kalenbach said city crews did the job for less than \$100. The city had received an estimate from a tree company for \$500.

News Parks Supt. Ed Porter, supervised the thinning of the tree. Both Porter and the consulting tree company believe that the 90-year-old tree is nearing the end of its life cycle and will last only a few years more.

## College will not buy other school

La Verne College apparently has dropped plans for the purchase of financially plagued Prescott College in Arizona.

L. B. Newcomer, president of La Verne College, said the two institutions of higher learning could not agree on a satisfactory financial arrangement.

"Prescott is in bad shape," Newcomer explained. "We offered to try to bail them out over a two-year period, but the biggest creditor (of Prescott) declined to put any more money into a trust fund."

Newcomer said he had asked the Prescott creditors to forgive half of that college's \$4½ million indebtedness in the event La Verne took over, and to underwrite any necessary deficit spending for the next two years until the college could get back on its feet.

He said the major creditor was willing to accept 50 cents on the dollar, but decided not to put any more money into the college.

He said Prescott paid for the time La Verne spent in negotiations.

## New families, businesses come to town

In her report to the La Verne Chamber of Commerce, City Hostess Mrs. Evelyn Hollinger, stated that she had called on 61 families in La Verne during July and August. Among the

new businesses, she named the La Verne Florists, Von's Market, Clark's Drug Store, Hughes Electrical contractors, Belcher Realty, Kempo Kerate and Leo Carrico, new owner of the milk outlet on W. Bonita Avenue.

Of the 61 families she called on, only three were in new houses. Twelve were in new townhouses.

In reviewing the housing situation in La Verne she commented that rentals are almost nonexistent except for some apartment houses.

Houses for sale in La Verne range from \$10,500 for a small three room house to a \$140,000 home.

The greatest number of available houses for sale range upwards from \$29,000 with eight of the 33 listed being around \$40,000.

# Auxiliary recognizes organizations

## SACH annual 'coffee' held

The San Antonio Community Hospital Women's Auxiliary depends directly on active volunteers from the community areas served by the hospital for the success of its activities.

These were the words of Mrs. James Sullivan, auxiliary president, as she welcomed presidents and representatives of 23 women's groups to the auxiliary's Annual Organizational Coffee held recently in her home.

Last year, volunteers were responsible for contributing over 11,500 hours of service and for raising over \$15,000 for gifts to the hospital," Mrs. Sullivan

told the women.

Joining in the welcome were members of the auxiliary board of directors, who hosted the affair. Many of these officers described auxiliary projects and activities.

Stressing the generous contributions of women's groups and their members was Mrs. Wolfgang Koessler, organizational membership chairman.

Organizations joining the auxiliary this year include: The American Legion Auxiliary, Ontario Unit 112; Assistance League of Upland; Becolay; Preceptor Upsilon and Xi Zeta

Gamma Chapters of Beta Sigma Phi; Catholic Daughters of America, Court Our Lady of Fatima; Cucamonga-Alta Loma Woman's Club; Cucamonga-Alta Loma Junior Women's Club; San Antonio Chapter, Daughters of the American Revolution (DAR); Family Service Auxiliary; Mary Owen Rebekah Lodge 177; National Charity League; Foothill Chapter; National Charity League Juniors; Ontario Deanery, Diocesan Council of Catholic Women; Altar Society of Our Lady of Lourdes Catholic Church, Montclair; Chapter DV, P.E.O.

Sisterhood, Silver Link Rebekah Lodge, Upland; Altar and Rosary Society of St. Joseph's Catholic Church, Upland; Altar and Rosary Society, St. Peter and St. Paul Catholic Church, Alta Loma; United Methodist Women of Trinity United Methodist Church, Ontario; Women's Association, Westminster Presbyterian Church, Ontario; Women's Fellowship, Bethel Congregational Church, Ontario; and Zonta Club of Ontario-Upland.

The guests and friends were encouraged to become personal members of the auxiliary by

Mrs. Richard Davidson, personal membership chairman.

Mrs. Richard Davidson, first vice president, announced the Employees' Tea will be held in the spring. Last year, over 500 employees were honored at this annual event.

All women were invited to attend the Silver Tea to be held from 2 to 4 p.m. Oct. 21 at the home of Mr. and Mrs. Patrick Grabowski, 72 Deborah Court, Upland. The invitation was extended by Mrs. Robert Erickson, second vice president and tea chairman.

Other announcements included: the "Carousel Ball" will be held in February at Griswold's, Claremont, according to Mrs. George Ehrnman, third vice president, and the "Trump Brunch" is to be held in January, according to Mrs. Robert Franklin, historian.

Mrs. Michael Rosenthal, program chairman, talked to the guests about the monthly auxiliary meetings, which this year will delve into areas of medicine such as cosmetic surgery, bio-feedback, pediatric hematology, the health maintenance organizations and the professional standards review organizations.

A report on cases treated under the Sick Baby Fund was presented by Mrs. Joseph Schechter, chairman.

Mrs. Jack Causey, Mary Louise Griffith Heart Fund chairman, announced that recent donations to the heart fund totaled over \$67,000. She said that amounts up to \$500 per

patient are available to qualified heart patients.

The work of volunteers was praised by Mrs. Robert Williamson, chairman of the Gift Shop, who noted that many of these volunteers are members of other organizations. Although there always is a need for additional

volunteers, the Gift Shop had a net profit of \$14,350.

Monthly maternity tours, held in the new maternity pavilion, are hosted for an average of 60 guests per month under the direction of Mrs. Bruce Keeling, chairman.

Books and magazines, made available to the patients during

twice-a-week visits by volunteers with the bookmobile, is another auxiliary activity described by Mrs. John Habecker, chairman.

Sixty-five community women staff the hospital reception desk and lend assistance to visitors calling on patients.

# HEALTH NEWS . . .

## YOUR WELFARE IS HARMED IF IT HURTS YOU TO WORK

By DR. W. P. HELZER, D.C.

Every year elementary teachers attempt to fit children to the desks in their classroom. The purpose of course, being to help the child maintain good posture. Habits of poor posture leave a permanent imprint on the bony framework of the body. If a child is forced to sit at a desk which is either too high or too low for him, he will have to have one shoulder higher than the other in order to write. This position could cause defects in the height of the shoulders and a curvature of the spine.

Although the possibility for the development of poor posture in children is readily accepted, few people give thought to such a possibility in adults.

Yet, frankly, there are, all over the country, tall people who daily sit at office desks that are too low for them. Many of these people lean on one elbow most of the time.

This habit will not cause poor posture, with distortions of the shoulders and spinal column, as quickly or to the same degree in adults as in children, but it will affect an adult's posture.

There are a great number of people who daily use one arm and shoulder more than the other in excessive physical exertion. Salesmen carry heavy briefcases with sam-

ples of merchandise; usually they form the habit of carrying them in the same hand every day, thus pulling the shoulder of that side to a lower level than the other. Watch the postman as he carries his heavy bag over his shoulder. Are his shoulders at equal level? Then there are carpenters, painters, engineers, and people engaged in many other strenuous jobs which require use of one arm in one definite motion while the other arm is used only slightly.

What effects does this have?

Because muscles which move the arm and shoulder attach to the spinal column, that section of the spinal column becomes an "anchor point," with each vigorous effort of the arm and shoulder pulling on it. Such repeated pulling on a section of the spinal column several times a day can gradually distort the spinal column.

Needless to say, a person can't constantly change jobs to alter his work habits. But he can arrange for periodic examinations and to react immediately to any sign of shoulder or arm discomfort.

To keep plugging away with pain and discomfort and the same constant work habit, a person will, as is ironic as it may seem, be rendered unfit to hold the job he painfully labors to keep.

### WHAT'S GOING ON AT GRISWOLD'S

The INDIAN JEWELRY craze is getting out of hand. People are stringing beads in their homes, and passing off the stuff as authentic. Deal with a recognized shop that selected carefully from the fine crafts offered in the Indian country — Gallup, Winslow, Bisbee — Griswold's INDIAN ARTS in the Old School House — has a beautiful selection of carefully selected authentic Indian jewelry — many pieces signed by the artist — Some interesting "Old Pawn" — pieces that were pawned years ago and recently released from the agent.

ROSALIE PARST, Indian Arts Manager, is so interested in Indian jewelry now, that she is studying all the information she can find and taking trips to every Indian exhibit — and is constantly learning. What turned out to be a "job" ended up being a hobby and a new interest.

See you at Griswold's, Betty

At this election the following is to be voted upon:

"Shall there be authorized an increase in the revenue limit per unit of average daily attendance in the amount of SIXTY DOLLARS (\$60.00), such increase to be effective in the Bonita Unified School District for the school years 1975-1976 through 1977-1978, the revenues of which are to be used for general fund school purposes?"

This increase would constitute an increase for the school year 1975-76 from approximately NINE HUNDRED SIXTY-SEVEN DOLLARS AND FIFTY-TWO CENTS (\$967.52) to approximately ONE THOUSAND TWENTY-SEVEN DOLLARS AND FIFTY-TWO CENTS (\$1,027.52) per unit of average daily attendance.

The proposed increase of the revenue limit of \$60 per unit of average daily attendance will authorize an increase in the estimated maximum general purpose tax rate of the District in the first year, 1975-76, from approximately \$3.94 to approximately \$4.55 for each one hundred dollars (\$100) of assessed valuation of property.
